

Ingredient List

At Treat'n Me, every treat we make uses gluten-free ingredients. However, we want to be transparent with our customer, we are a home-based kitchen and are not a certified allergen-free facility. While we take care to minimize cross-contamination, we cannot guarantee that our products are completely free from traces of gluten, tree nuts, dairy, eggs, or soy. If you or your guests have a severe food allergy/ceciac disease, please contact us directly before ordering so we can discuss your needs.
